

25 March 2020

Please hold the following in your prayers this month.

1. In this very different world please pray for us as a team as we try to continue managing services from home.
2. Pray for the youth work team as they look at the best way to support our young people while the centre is closed. We hope to set up online and virtual support and are looking at the best way to do this.
3. Pray for our young people and their families as they now have to manage in very different and difficult circumstances and without the normal support they receive.
4. Finally may we all pray for our country as a whole, for our medical staff as they strive in extreme circumstances to meet our needs, for our politicians as they strive to make and enforce difficult decisions, and us as a community that we will look out for each other and support each other in these very difficult times.
