

September 2021

Please hold the following in your prayers this month.

1. As we start a new term we have opened up all our projects again. This is the first time some of the projects have run since March 2019. Pray for all the youth work team and young people as we start to resume normality (to some extent).
2. Our Thursday project (year 6 & 7 transition group) will be starting back this month as well. This will be a complete set of new contacts. Pray for the recruitment as we advertise in the local primary school and also for the project and building relationships with new young people.
3. Clarion Housing have funded us to run a digital programme to help young people to increase their skills in finding work in a new online environment. We finished one programme over the summer and will be starting a new one in the Autumn. Pray for the success of these projects that they will aid young people in finding work.
4. Our existing support worker is leaving, please pray for us as we recruit a new person.
